I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

Robert Sanders Elementary School is situated in a residential community near the east foothills of San Jose. There are eighteen classes for students from kindergarten through fifth grade. In addition to the 19 regular education classes we have four Special Day Classes one K-2, 3-4, 5-6 and a SH-SDC 4-8th and a County Office of Education Severely Emotionally Disabled class. In addition, we have a Preschool. We have an ethnically diverse student body with an approximate school population of 505 students. The majority of the students are Hispanic and they comprise 81% of the student population.

The staff of Robert Sanders is composed of administrative and office staff, teaching and support staff. The administrative and office staff is composed of the principal, one Vice Principal, the school secretary, a health clerk and a part time Family Case Manager. Our teaching staff consists of eighteen regular education classroom teachers, four SDC teachers, one Preschool teacher, one Resource Program Specialist, two Speech and Language Teachers (.5FTE), one ELD support Teacher (.5FTE) and one Intervention Teacher. The support staff includes two School Psychologists (.5 FTE), Adaptive PE teacher (.25 FTE), noon duty supervisors, Food Service workers, two custodians, and eight Instructional Aides. The paraprofessionals are assigned as follows: one RSP aide, seven SDC aides and one multi-funded instructional aide. The staff at Robert Sanders Elementary School strives to educate and inspire our students to become successful members of society by providing challenging opportunities to learn according to individual needs.

Our mission is to create an atmosphere of continuous social and academic growth, where personal responsibility, respect, and effort are valued in a safe, supportive, and motivating community.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information about opportunities for parents to become involved with school activities, including contact information pertaining to organized opportunities for parental involvement.

Contact Person:	Contact Phone No.

Robert Sanders Elementary School is a community school. Through out the year our doors are open for parent involvement.

Our PTA is active and meets every other month for a formal meeting, and collaborate regularly to discuss upcoming events. They have schoolwide events such as the Pumpkin Patch, the Walk-a-thon, and the End of the Year Carnival, Family Movie and Craft Nights. All activities that allow for families to be involved in our school. Parents volunteer during the day in the classrooms, library, on the playground, in the office and on field trips.

Robert Sanders Elementary 2010-11 School Accountability Report Card

We also have an active School Site Council that monitors the Single School Plan and school budgets. We have been attempting to build a English Language Advisory Committee, we have had two evening meetings districtwide. At the end of the school year we have a Parent Volunteer Tea to recognize all our volunteers.

Student Enrollment by Grade Level (School Year 2010-11)

This table displays the number of students enrolled in each grade level at the school.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan.

Robert Sanders Elementary School is a PeaceBuilder School, this is our 7th year implementing the PeaceBuilder Program at our School. We have also incorporated BEST practices, and focus on three overall expectations (Be Respectful, Be Responsible, and Be Safe). Our School provides a safe and engaging learning environment. We have various preventive efforts such as activities that focus on improving our school climate. Students are recognized for good attendance, demonstrating PeaceBuilder/BEST principles, and academic success through out the year.

In order to enhance and compliment our PeaceBuilder program we are implementing the BEST behavior program. A team of administrators, classified and teachers attended the BEST training, the BEST team has presented key ideas to the Leadership Team and the staff. Our district is also receiving training in the Best Behavior Program, a positive behavior program that provides intervention techniques based on research in school discipline. The program addresses schoolwide, common areas, classroom, and individual student intervention. Our staff has worked together to define schoolwide expectations- be respectful, be responsible and be safe. Together we have agreed upon common language to use and have directly taught our students what these expectations are and what they look like for all areas of the school. On going training and implementation will occur through out the 2011-12 school year.

We have before school and afterschool programs to provide additional supervision and support for our students. The Mt. Pleasant Afterschool Program (MPAS) enrolls approximately 105 students. This program provides a homework center, enrichment activities, sports, as well as, access to the library and computer lab. This year our school psychologist and our Speech and Language teacher are working with some high needs students on "KidsStar" a program to help students with social skills.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2008-09	2009-10	2010-11	2008-09	2009-10	2010-11
Suspensions	5.9			15.8		
Expulsions	0.2			0.4		

IV. School Facilities

School Facility Conditions and Planned Improvement (School Year 2011-12)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

Our classrooms provide adequate space for our students. In addition to classrooms, classes have the use of the new library, the computer lab, the community center and our multipurpose room. We have a large playground with a large play structure, basketball courts and tetherballs. In addition, we have two baseball diamonds and a large lawn area. We have a small playground structure in a separate Preschool/Kindergarten playground. During the Summer of 2005 our playgrounds were resurfaced and new activities painted on the asphalt.

During the Summer of 2008 our school underwent an extensive summer cleaning. Doors were replaced with improved locking system and the building trims/doors were repainted. In addition the staff bathrooms in the office area were upgraded with improved toilets. Our Computer Lab was reconfigured and rewired to better maximize the space.

During the Spring of 2003 our old library space was remodeled to be used as a staff room and meeting room. The staff room is larger to accommodate our staff. Our old staff room was remodeled as our updated workroom complete with a computer station. Our current main office area was remodeled beginning July of 2003 to provide more space and a safer work environment for the clerical staff. Our health office was also enlarged.

During the Spring of 2011 we will be installing a new section of playground in both our Kindergarten playgrounds and our 1-8th grade playgrounds. The staff and students participated in the selection of this playground.

Based on the Staff and Student Surveys they felt that the school's facility was was safe, and adequate, they rated the school a 3.5 out of 4.

School Facility Good Repair Status. (School Year 2011-12)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District
	2008-09	2009-10	2010-11	2010-11
Teachers with Full Credential	23	24	24	124
Teachers without Full Credential	0	2	1	1
Teachers Teaching Outside Subject Area of Competence	0	0	0	N/A

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2009-10	2010-11	2011-12
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010-11)

This table displays the percent of classes in core academic subjects taught by Highly Qualified Teachers as defined in the Elementary and Secondary Education Act (ESEA), in a school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under the ESEA can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100	0
All Schools in District	99.6	0.4
High-Poverty Schools in District	99.6	0.4
Low-Poverty Schools in District	0	0

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor		
Counselor (Social/Behavioral or Career Development)		N/A
Library Media Teacher (Librarian)		N/A
Library Media Services Staff (Paraprofessional)		N/A

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-10)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic/ Unrestricted)	Average Teacher Salary
School Site				
District	N/A	N/A		\$66,420.00
Percent Difference - School Site and District	N/A	N/A		
State	N/A	N/A	\$5,455.00	\$65,524.00
Percent Difference - School Site and State	N/A	N/A		

Types of Services Funded (Fiscal Year 2010-11)

This section provides information about the programs and supplemental services (e.g., information about supplemental educational services related to the school's federal Program Improvement status) that are provided at the school through either categorical funds or other sources.

Not applicable

Teacher and Administrative Salaries (Fiscal Year 2009-10)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$47,209	\$41,183
Mid-Range Teacher Salary	\$65,326	\$63,647
Highest Teacher Salary	\$91,427	\$80,955
Average Principal Salary (Elementary)	\$102,991	\$102,400
Average Principal Salary (Middle)	\$103,505	\$106,158
Average Principal Salary (High)		\$124,133
Superintendent Salary	\$164,124	\$151,742
Percent of Budget for Teacher Salaries	12	41
Percent of Budget for Administrative Salaries	2	6

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	18.1	14.5	4.8
7	0	0	0
9	0	0	0

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	6	4	4
Similar Schools	10	7	9

Academic Performance Index Growth by Student Group - Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years. Note: N/A means that the student group is not numerically significant or data were not available.

Group	Actual API Change		
	2008-09	2009-10	2010-11
All Students at the School	-26	25	11

Academic Performance Index Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the 2011 Growth API at the school, LEA, and state level.

Group	2011 Growth API		
	School	LEA	State
All Students at the School	788	765	778
Black or African American		710	696
American Indian or Alaska Native			733

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	No	No
API	Yes	Yes
Graduation Rate	N/A	N/A

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District
Program Improvement Status	Not in PI	In PI
First Year of Program Improvement		2008-2009
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement	N/A	1
Percent of Schools Currently in Program Improvement	N/A	20

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

During the summer of 2011 all K-5 staff were invited to three days of AB 372 reading training for MacMillan McGraw Hill Treasures Reading Series. Additional training was offered during the school year. Staff members who were unable to attend the summer training will receive the training during the school year.

- Two additional days of equity and best instructional practice training was offered during the school year for all staff.
- Selected staff at the middle school have received '3 D' English Language Development (ELD) training.
- Our teachers began the cycle of inquiry in order to create interventions for those students not meeting our district and State goals. Furthermore, our school district has facilitated Professional Learning Communities where our teachers can collaborate with teachers from other schools and look at ways to improve their profession. The SCCOE is offering additional training to teachers to facilitate PLCs.
